MINYA K. IRBY

Principal Agent

# GET TO KNOW US...

Cooper Irby Brewster Professional Services, L.L.C. is an insurance agency formed in Detroit by Minya K. Irby in 2018. Born and raised on Detroit's east side, Cooper Irby Brewster Professional Services, L.L.C. incorporates the names of Minya's grandparents, parents, and sons. Our logo reflect our past, present and future, which are also the reasons for purchasing insurance: because events from your past have brought you to today and you understand how important it is to protect your future.

After eight years in the insurance industry, Minya decided that there was no time like the present to become a part of Detroit's entrepreneurial renaissance. As an Aflac agent she served small businesses in Metropolitan Detroit and transitioned to a Colonial Life agent where she served the employees of the City of Detroit until she accepted an opportunity to serve as a debit agent for United Insurance Company of America. It was as a debit agent she learned how to manage a territory agency. Knowledgeable and experienced Minya spends her time educating her community on insurance.
